Globe
by Edoardo Colzani

Floor Lamp: The design of Globe floor lamp by Edoardo Colzani originates from a sphere, reinterpreted by cutting its upper and bottom parts to create a new lampshade, suitable for casting the light both upwards and downwards. The project focuses on the use of handcrafted materials and on the round shape of the lampshade, made up of one metal piece without any weld joints. Globe design focuses also on flexibility thanks to the different combinations of internal and external finishes and to the adjustable lampshade and LED bar, that can both rotate to adapt to different needs.

A' design award and competition 2018 winners announced!

the A' design award and competition, the world's largest international design awards, has grown even bigger with 1,962 winners announced from 100 countries and in 99 different design disciplines. each year, the platform aims to increase awareness for good design by highlighting and promoting only the very best projects. these winning designs are carefully selected from thousands of project submissions, ranging from conceptual to realized, by a globally influential jury panel of esteemed scholars, press members, creative professionals and entrepreneurs.

as a symbol for excellence in design and innovation, the winners of the A' design award and competition receive a highly coveted and comprehensive winners' kit, which includes a trophy, certificate and book, as well as both PR and marketing services. the laureates are recognized under five different distinctions – platinum, gold, silver, bronze and iron – while being categorized in a variety of groupings, including spatial design (architecture, and interior, urban and landscape design), industrial design (product, appliance, vehicle and machinery design), communication design (graphics, interaction and marketing design), fashion design (garment, fashion accessory and footwear design), system design (service design, design strategy, quality & innovation), as well as for achievements in arts and literature.

on april 15th each year, that edition's winners are announced with a special feature on designboom. out of the 1,962 winning designs in 2018, we highlight below a selection of A' design award and competition 2018 recipients across their key categories.

A' Design Award: i progetti vincitori dell'edizione 2017/2018

Di Laura in Approfondimenti

Sono stati resi noti lo scorso 15 aprile, i nomi dei progettisti premiati all'ultima edizione del concorso Internazionale **A' Design Award** che anche quest'anno ha visto una grandissima partecipazione di progettisti provenienti dal tutto il mondo. Si conferma molto alta anche quest'anno, la qualità dei progetti presentati, un po' in tutte le categorie del premio. Vi raccontiamo **A' Design Award** da alcuni anni, e insieme a voi lo abbiamo visto crescere di anno in anno. Per il secondo anno consecutivo poi, noi di Arredativo, siamo stati membri della giuria e questo ci consente di affermare che, **le proposte presentate anche quest'anno erano in gran parte molto interessanti**.

Come abbiamo detto più volte le categorie di **A' Design Award** sono più di 100 ed anche per l'edizione 2017-2018 tra le più acclamate, è stata la sezione dedicata all'Interior Design (**A' Interior Space, Retail and Exhibition Design Award**).

Varie come sempre le tipologie di spazi progettati: **dalle residenze agli uffici, dagli allestimenti alle proposte per spazi retail**.

Abbiamo apprezzato il concept per il **DSK Bank di DA Architects**. In questo progetto l'obiettivo era creare uno spazio riconoscibile e altamente funzionale con una forte identità.

Early Call for Entries A Design Awards

JUNE 19, 2018

It is that time of year, early call for entries for The A' Design Awards. I am sure the 2018-2019 submissions will be just as good or better than last year. It is always exciting to see what people can not only dream up, but can execute and build.

What am I talking about? A' Design Award & Competition is the Worlds' largest annual juried design competition that honors best designers, architects, and design oriented companies worldwide to provide them publicity, fame and recognition. The A' Design Accolades are organized and awarded internationally in a wide array of categories ranging from industrial design to architecture. Every year, projects that focus on innovation, technology, design and creativity are awarded with the A' Award to push them further for success.

If you have a design or project you would like to enter make sure to [CLICK HERE](#) to submit or register.

Need some motivation to submit your designs? Here are some of my favorites from last year. Click on an image to learn more about the design and designer.
