

Symphony cabinet system - Symphony collection

design Cesare Arosio

Modular storage system available as made to measure in modules of different sizes, with open compartments, LED lighting and custom accessories.

Customizable in plain, dyed or lacquered wood in all RAL colours, in ceramic and in special finishes.

Sistema contenitivo modulare disponibile su misura in moduli di diverse dimensioni, con vani a giorno, illuminazione LED ed accessori personalizzati.

Personalizzabile in legno liscio, tinto o laccato in tutti i colori RAL, in ceramica ed in finiture speciali.

Symphony cabinet system - Symphony collection

design Cesare Arosio

The Symphony modular storage system is a flexible and elegant solution that can be composed in multiple compositions and customized in a wide variety of finishes.

Il sistema contenitivo modulare Symphony è una soluzione flessibile ed elegante che può essere composta in molteplici composizioni e personalizzata in un'ampia varietà di finiture

maintenance

WOOD

To maintain the natural wood features and protect them from mechanical and chemical wear, the veneered surfaces are coated with a high-quality transparent varnish. Do not use acid or alkaline detergents, agents with bleaching additives, abrasive powders, steel wool, sponges or the like. Anything hot or humid can cause surface damage. Remove dirt and liquids immediately. For the cleaning and care, it is best to use a soft, dry cloth. If necessary, the cloth can be slightly dampened and dipped in neutral detergent thoroughly diluted in water. The cloth should only be slightly damp to avoid discoloration or swelling of the surface. Finally, it is essential to gently rub dry surfaces, so that there is no residual moisture.

LEGNO

Per mantenere il carattere naturale del legno e proteggerlo dall'usura meccanica e chimica, le superfici impiallacciate sono rivestite con una vernice trasparente di alta qualità. Non usare detergenti acidi o alcalini, agenti con additivi sbiancanti, polveri abrasive, lana d'acciaio, spugne o simili. Qualsiasi cosa calda o umida può causare danni alla superficie. Rimuovere immediatamente sporco e liquidi. Per la pulizia e la cura, è preferibile utilizzare un panno morbido e asciutto. Eventualmente il panno può essere leggermente inumidito ed intinto in detergente neutro abbondantemente diluito in acqua. Il panno deve essere solo leggermente umido, per evitare scolorimenti o rigonfiamenti della superficie. È infine essenziale strofinare gentilmente le superfici asciutte, in modo che non sussista umidità residua.

maintenance

LACQUERED WOODS

Do not use acid or alkaline detergents, agents with bleaching additives, abrasive powders, steel wool, sponges or the like. Do not use furniture polish or solvents to care for painted surfaces. Anything hot or humid can cause surface damage. Pointed or sharp objects, such as blades or knives, can cause damage to the surface.
For the cleaning and care, regularly wipe the surfaces with a clean, soft, lint-free cloth to remove dust while avoiding abrasion.
For soft-finish painted surfaces, use a soft, lint-free, slightly damp cloth. If heavily soiled, painted surfaces can be cleaned with a neutral, silicone-free detergent.
Finally, it is essential to gently rub dry surfaces, so that there is no residual moisture.

LEGNO LACCATO

Non usare detergenti acidi o alcalini, agenti con additivi sbiancanti, polveri abrasive, lana d'acciaio, spugne o simili. Non utilizzare lucidi per mobili o solventi per la cura delle superfici vernicate. Qualsiasi cosa calda o umida può causare danni alla superficie. Oggetti appuntiti o taglienti, come lame o coltelli, possono causare danni alla superficie.
Per la pulizia e la cura, pulire regolarmente le superfici con un panno pulito, morbido e privo di lanugine per rimuovere la polvere evitando l'abrasione. Per le superfici vernicate con finitura morbida, utilizzare un panno soffice, privo di lanugine e leggermente umido. Se molto sporche, le superfici vernicate possono essere pulite con un detergente neutro privo di silicone. È infine essenziale strofinare gentilmente le superfici asciutte, in modo che non sussista umidità residua.

maintenance

MARBLES

Natural stones are easily damaged by acids, fats and oils. These liquids tend to penetrate natural stone and leave dark, light or opaque stains that can no longer be removed.
Do not use acid cleaners, solvents or alkalis. Do not use abrasive agents, steel wool, pot cleaners, glass cleaners, aggressive solvents, dyes, bleach or the like. Anything hot or humid can cause surface damage.
For the cleaning and care, protect the product from abrasion, moisture and other external influences to prevent long-term destruction of the surface. Dust the natural stone regularly with a soft, lint-free cloth. Remove dirt and liquids immediately using only neutral detergents.

MARMO

Le pietre naturali sono facilmente danneggiate da acidi, grassi ed oli. Questi liquidi tendono a penetrare nella pietra naturale e lasciare macchie scure, chiare od opache che non possono più essere rimosse.
Non utilizzare detergenti acidi, solventi o alcali. Non usare agenti abrasivi, lana d'acciaio, detergenti per pentole, detergenti per vetri, solventi aggressivi, coloranti, candeggina o simili. Qualsiasi cosa calda o umida può causare danni alla superficie.
Per la pulizia e la cura, proteggere il prodotto dall'abrasione, dall'umidità e da altre influenze esterne per prevenire la distruzione a lungo termine della superficie. Spolverare la pietra naturale regolarmente con un panno morbido e privo di lanugine. Rimuovere immediatamente sporco e liquidi utilizzando solo detergenti neutri.

maintenance

PAINTS, LACQUERINGS AND
SPECIAL FINISHES

Do not use acid or alkali-based cleaners. Do not use scouring agents, steel wool, pot cleaners or similar. Do not use solvents to clean painted surfaces. Pointed or sharp objects, such as blades or knives, can damage (scratch) the surface. Anything hot or damp will cause damage to the surface. Clean painted surfaces with a clean, soft, lint-free cloth to avoid abrasion with particles of dirt. For soft-finish paint surfaces, use a soft, lint-free, slightly damp cloth. If heavily soiled, paint surfaces can be cleaned more easily with a neutral (silicone-free) cleaning agent. Do not use furniture polish or other care products to clean soft-finish paint surfaces. It is then essential to rub the surface dry, so that there is no residual moisture. Clean painted surfaces regularly with a soft, lint-free cloth to remove dust.

TINTE, LACCATURE E FINITURE
SPECIALI

Non usare detergenti acidi o alcalini, agenti con additivi sbiancanti, polveri abrasive, lana d'acciaio, spugne o simili. Non utilizzare lucidi per mobili o solventi per la cura delle superfici vernicate. Qualsiasi cosa calda o umida può causare danni alla superficie. Oggetti appuntiti o taglienti, come lame o coltelli, possono causare danni alla superficie.

Per la pulizia e la cura, pulire regolarmente le superfici con un panno pulito, morbido e privo di lanugine per rimuovere la polvere evitando l'abrasione. Per le superfici vernicate con finitura morbida, utilizzare un panno soffice, privo di lanugine e leggermente umido. Se molto sporche, le superfici vernicate possono essere pulite con un detergente neutro privo di silicone. È infine essenziale strofinare gentilmente le superfici asciutte, in modo che non sussista umidità residua.
